Democrats Will Win with Tomblin
Chairman Commends Candidates on Competitive Primary

Below is a statement from West Virginia Democratic Party Chair Larry Puccio on the results of the special primary election for governor.

“I congratulate Governor Earl Ray Tomblin on his big win tonight and I commend our other great candidates for their hard work in this primary. We had an all-star lineup in this primary and I am proud of all of our candidates. Democrats are very well-positioned to win the general election with Governor Tomblin. He has a clear, concise message of more jobs and lower taxes and he has been delivering on that promise already. He’s cut the food tax and helped attract several new business investments with thousands of new jobs in the works. I look forward to the upcoming campaign.”
