

The Fight for Health Care Reform Is On

President and Democratic Congress Working on Plan

Making sure every American has access to high quality health care is one of the most important challenges of our time. The number of uninsured Americans is growing, premiums are skyrocketing, and more people are being denied coverage every day.

As we all know, the President and Congress have made health care reform a top priority. For the next few months, our Democratic leaders will bring to the table real, equitable solutions to solve this crisis.

Use this web link to contact your member of Congress and show your support, especially those of you who live in the 2nd Congressional. Act today and tell Republican Congresswoman Shelley Moore Capito that you support health care reform!
